Re: **CSP No. 19-0054 Rehabilitation of Water Well No. 34**

The following additions, deletions, changes or clarifications to CSP No. 19-0054 are hereby made a part of the originally issued documents for the above referenced project as fully and as completely as though the same were included therein.

CSP #19-0054

1. 00 41 00 02 (Proposal Form) – Replace entire document.
2. Exhibit 4 (Pricing Sheet) – Replace entire document.

Question: Consider replacing entire pump bowl assembly rather than refurbishment due to wear or existing pump bowls and impellers.

Answer: Added alternate bid item to 00 41 00 02 and Exhibit 4 for full replacement

Question: Consider replacing the oil reservoir.

Answer: Inspected oil reservoir with SJRA maintenance and found to be in usable condition. Will not add a new item.

Question: The bolts need to be replaced on the pump bowl assembly.

Answer: Bid item(s) related to pump bowl assembly have had replacement of bolts added to description.

Question: The inspection report noted that a new column adapter flange / lock ring need to be provided.

Answer: A new base bid item for this has been added to the 00 41 00 02 document and Exhibit 4.

Question: Even though the last well video was done just 5 months ago as part of the well inspection, can a pre-rehab video be added (make 3 videos instead of just 2)?

Answer: Yes, that is acceptable. The 00 41 00 02 document and Exhibit 4 will be modified accordingly.

All provisions which are not so amended or supplemented remain in full force and effect.

Please acknowledge receipt of this addendum with signature and date and return with completed Proposal/Quotation. Failure to do so may cause your Proposal to be considered non-responsive.

Receipt of this Addendum No. 1 is hereby acknowledged
