Re: **RFB #19-0091**
ANNUAL PURCHASE OF VEHICLES

The following additions, deletions, changes, or clarifications to RFB #19-0091 are hereby made a part of the solicitation documents for the above referenced project as fully and as completely as though the same were included therein.

1. The following questions have been received, and answers provided:
 - A. In the request you seem to be asking for a 3500 pickup with bed taken off. This did not get an initial quote from knapheide in their system and my upfitter has a call into them to follow up.

Would this be something you would look at a 3500 chassis cab with a 60CA and a 9ft body rather than a 56CA with an 8ft body that will have trouble accommodating the crane you are requesting?

Answer: 60" ca cab and chassis, Knapheide bed part # 6108 d54-2-m

All provisions that are not so amended or supplemented remain in full force and effect.

Please acknowledge receipt of this addendum with signature and date and return with completed RFB. Failure to do so may cause your proposal to be considered as non-responsive.
