**ADDENDUM NO. 1
RFQ # 20-0050**

Date: March 16, 2020
To: All Interested Parties
From: Grady Garrow, CPPB, CTCM, CTCD
Buyer
Re: **RFQ No. 20-0050
Architectural, Mechanical, Electrical, and Plumbing Engineering Services**

The following additions, deletions, changes or clarifications to RFQ No. 20-0050 are hereby made a part of the originally issued documents for the above referenced project as fully and as completely as though the same were included therein.

General:

The main goal of this RFQ is to provide SJRA with turnkey style services associated with facility site planning and design. However, not specifically listed in the RFQ, Consultant(s), Firm(s), or Team(s) shall include any other typical civil engineering services required to provide for potential projects associated with planning and design of facilities (e.g. Structural Engineering). It is not required Consultant(s), Firm(s), or Team(s) submit qualifications for Geotechnical or Survey services.

Question 1:

What types of facilities might be included in this project (i.e. office buildings, testing labs, educational facilities, etc.)?

Answer 1:

It is anticipated that the following facility types may be included as part of this RFQ: Emergency Operations Center, Office Building, Maintenance Facilities, and Existing Pump Station Facilities.

All provisions which are not so amended or supplemented remain in full force and effect.

Please acknowledge receipt of this addendum with signature and date and return with completed Proposal/Quotation. Failure to do so may cause your Proposal to be considered non-responsive.

Receipt of this Addendum No. 1 is hereby acknowledged
