Re: **RFQ No. 20-0065 Elevated Storage Tank No. 1 Rehabilitation**

The following additions, deletions, changes or clarifications to RFQ No. 20-0065 are hereby issued as a part of the originally issued documents for the above referenced project as fully and as completely as though the same were included therein.

Documents for Use: The word (.docx) version of Specification 00 21 13.03 – Statement of Qualifications is being provided for offeror use.

Clarification: For Official Submittal drop off in person or via delivery service, please call in at the entrance gate. Please place official submittals in the bin located by the entrance of the G&A Building. One of the staff personnel will retrieve the submittal package and date stamp it at the reception desk and hold for Purchasing.

Questions:

1. It is our understanding that this project limits the use of subcontractors to a certain percentage, is this correct?

There is no maximum limit for use of subcontractors. However, a list of Subcontractors is to be included in the proposal per 00 21 13.03 – Statement of Qualifications.

2. It is also our understanding that 1099 independent subcontract labor counts against that percentage, is this correct?

Per the answer to Question 1, this question is not applicable.

Additional requirements have been added to three of the specifications contained in the Contract Documents to address a required COVID-19 Action and Response Plan. Please replace the following Specification with the attached revised versions:

1. Replace Specification 00 21 13.02 – Instructions to Offerors with the attached version.
2. Replace Specification 01 14 19 – Use of Premises with the attached version.
3. Replace Specification 01 32 16 – Construction Progress Schedule with the attached version.

Conclusion:

Provisions not amended or supplemented remain in full force and effect.

Please acknowledge receipt of this addendum with signature and date and return with completed Proposal. Failure to do so may cause your Proposal to be considered non-responsive.
