TRANSMITTAL MEMORANDUM

To: GRP Participant

From: SJRA Joint GRP Sponsor

Date: April 14, 2021

Re: Drought Contingency Plan Demand Values for 2021

Per the GRP Participant Contract (Section 3.05), GRP Participants are required to adopt a Drought Contingency Plan that meets or exceeds the GRP Division's Drought Contingency Plan. The goal of the GRP Drought Contingency Plan is to reduce the total water demand of all Participants by targeted percentages in response to various stages of drought or due to emergency conditions. For the purpose of the GRP's Drought Contingency Plan, each Participant's demand shall be determined as the Participant's water use for the preceding two years, averaged for each month. The demand values for each month are the basis for determining the appropriate amount reduction for each of the drought response stages in the GRP's Drought Contingency Plan. Please refer to the enclosed table for your system's 2019 – 2020 water usage average by month.

Participant requests for variances to the provided demand values will be considered at an administrative level. A copy of the GRP's Drought Contingency Plan can be found on our website at http://www.sjra.net/about/wc-dcp/.

If you have any questions, please feel free to contact our office at 936-588-1662.

GRP Participants 2019 - 2020 Water Usage Averages by Month
