Whether it's municipal, agricultural or anything in between – we protect the water you depend on. The Best Water in Texas travels through 27 miles of canals to be processed and provided to our community!

The 2nd Anniversary of Winter Storm Uri

We say thank you to the SJRA staff and other essential workers across the state who worked tirelessly to maintain critical infrastructure during the record breaking winter storm.

SJRA has partnered with the Water Environmental Association of Texas, Kimley-Horn, Signature Automation, City of Arlington, City of Dallas, City of Garland, El Paso Water, McAllen Public Utility, San Antonio River Authority, City of Waxahachie, Trinity River Authority, City of Lubbock, and Texas Association of Clean Water Agencies in the CLOG ALERT campaign. The goal of CLOG ALERT is to remind Texans to practice proper disposal of various household items that clog pipes and create wear and tear on wastewater infrastructure.

Be on the look out for our Clog Alert Campaign article in [Dock Line Magazine](#).

The San Jacinto River Authority (SJRA) receives no money from the state, nor does it collect any type of taxes.

SJRA's mission is to develop, conserve, and protect the water resources of the San Jacinto River basin. Covering all or part of seven counties, the organization's jurisdiction includes the entire San Jacinto River watershed, excluding Harris County. The SJRA is one of two dozen river authorities in the State of Texas, and like other

river authorities, its primary purpose is to implement long-term, regional projects related to water supply and wastewater treatment.
