TWCA Service Project

This month, SJRA hosted volunteers from Texas Water Conservation Association's Annual Conference. TWCA is a non-profit association of water professionals from different entities and organizations all over the state. The plant nursery at SJRA's Lake Conroe Division serves as a place to grow plants native to Lake Conroe that later on, get put along the shoreline of the lake to help the ecosystem. Thanks to all the staff for putting on this event, and to all the volunteers for spending your time to learn about native plants on Lake Conroe!

While you depend on clean water in your daily lives, so does the wildlife in our area. You can find amazing wildlife throughout our reservoirs and different divisions from Lake Conroe to Highlands and Woodlands, you can find unique wildlife in our community!

Since July 16, 2007, Jace A. Houston has been the friendly face in front of the camera, the scholar behind numerous educational materials, and the man who helped the San Jacinto River Authority (SJRA) become one of the most well-known and respected entities in the state of Texas. Jace was hired by his predecessor, Reed Eichelberger, to serve as the Deputy General Manager of Administration to oversee the growing administrative responsibilities of SJRA. Reed once said that it was his greatest and smartest decision to hire Jace, and we couldn't agree more.

Be on the look out for our 16 Years of Accomplishment: A Tribute to Jace Houston in [Dock Line Magazine](#).

Water Conservation

Did you know that toilets can leak without you hearing a thing? Make sure to regularly

Check for Leaks

The San Jacinto River Authority (SJRA) receives no money from the state, nor does it collect any type of taxes.

SJRA's mission is to develop, conserve, and protect the water resources of the San Jacinto River basin. Covering all or part of seven counties, the organization's jurisdiction includes the entire San Jacinto River watershed, excluding Harris County. The SJRA is one of two dozen river authorities in the State of Texas, and like other river authorities, its primary purpose is to implement long-term, regional projects related to water supply and wastewater treatment.

If you would like to know more about SJRA, what we do, and how we work for the community, check out our website www.sjra.net and follow us on social media [@SanJacintoRiverAuthority](#), [@SJRA_1937](#), [@sanjacintoriverauthoritysjra](#), [@San Jacinto River Authority](#).
