October 2023 marks the 50th anniversary of Lake Conroe. The lake that has shaped the lives, history, and economy of our community is finally hitting this milestone. What's amazing is that many people who currently live in our community were here way back when the dam was being constructed! They have seen the incredible growth of our area that this lake has been a central part of.

The San Jacinto River Authority (SJRA) receives no money from the state, nor does it collect any type of taxes.

SJRA's mission is to develop, conserve, and protect the water resources of the San Jacinto River basin. Covering all or part of seven counties, the organization's jurisdiction includes the entire San Jacinto River watershed, excluding Harris County. The SJRA is one of two dozen river authorities in the State of Texas, and like other river authorities, its primary purpose is to implement long-term, regional projects related to water supply and wastewater treatment.
