

San Jacinto River Authority Latest News for February 2025

Artificial Fish Habitat Structures

On Saturday, February 1st, members from Major League Fishing, Kubota, TPWD, Local Bass Clubs, Black Bass Stewardship group, and local High School Fishing teams convened at the Lake Conroe Dam Site and worked hard to construct and deploy 31 Mossback artificial fish structures donated to Lake Conroe by Kubota and Major League Fishing. This group of volunteers spent the day constructing and deploying the Mossback Fishing structures which consisted of 14 “conservation cubes” and 17 “reed mats”. These structures serve as excellent, long-lasting fish habitat for Lake Conroe Anglers.

Visions Award - Association of

Water Board Directors

Congratulations to SJRA's Director of Operations, Ed Shackelford, PE for receiving the Visions Award at AWBD's 2025 Midwinter Conference!

The Visions Award has been given to many individuals in the industry over the past 29 years. The award is given to those who have made significant contributions to the AWBD, to its members directly, and toward improving the entire water/wastewater industry.

Christmas Tree Fish Habitat

After receiving hundreds of Christmas trees from the community during our annual Christmas tree drive, SJRA employees deployed the trees in Lake Conroe. This initiative is a partnership with Texas Parks and Wildlife, in collaboration with the Montgomery County Commissioner Precincts, in order to create fish habitat in Lake Conroe, allowing for a continued healthy ecosystem of the lake. Thank you to all members of the community for your generosity and making this initiative possible! Please refer to the map above for the GPS coordinates of the fish habitat or visit www.sjra.net/tree.

Engineers Week

SJRA
SAN JACINTO RIVER AUTHORITY
We work for *your* water.

February 16th - 22nd was Engineers Week. We would like to celebrate all of our SJRA engineers for their hard work and dedication. Thank you for helping preserve and protect the best water in Texas!

The Best Water in Texas

Have you ever wondered where the best water in Texas is located? We may be biased, but we would have to say Lake Conroe is the best water in Texas! Beyond its beauty, Lake Conroe supplies quality drinking water for hundreds of thousands of our neighbors and friends in Montgomery County.

Be on the lookout for our *The Best Water in Texas* article in [Dock Line Magazine](#).

Tell Us How We're Doing!

SJRA values your opinions and thoughts.

We would love to hear from you on how we are doing. Please submit questions, concerns, or other feedback here.

[Contact Us](#)

The San Jacinto River Authority (SJRA) receives no money from the state, nor does it collect any type of taxes.

SJRA's mission is to develop, conserve, and protect the water resources of the San Jacinto River basin. Covering all or part of seven counties, the organization's jurisdiction includes the entire San Jacinto River watershed, excluding Harris County. The SJRA is one of two dozen river authorities in the State of Texas, and like other river authorities, its primary purpose is to implement long-term, regional projects related to water supply and wastewater treatment.

If you would like to know more about SJRA, what we do, and how we work for the community, check out our website www.sjra.net and follow us on social media [@SanJacintoRiverAuthority](#), [@SJRA_1937](#), [@sanjacintoriverauthoritysjra](#), [@sanjacintoriver](#), [@San Jacinto River Authority](#).
