

San Jacinto River Authority Latest News for March 2025

Exciting News for Lake Conroe Park!

At the March 27 Board of Directors Meeting, the SJRA Board approved an agreement for the reopening and operation of Lake Conroe Park. The partnership with “Lake Conroe Beach Park, LLC” begins immediately.

“Our vision for Lake Conroe Park is to maintain a clean, safe, and welcoming environment for families, residents, and visitors,” said Lake Conroe Beach Park’s Marketing and Communications Director, Soraya Herbet. “We plan to cultivate strong community partnerships and encourage active local engagement by involving residents in planning and development processes of the park.”

Lake Conroe Beach Park is a community-focused, family-oriented park management team dedicated to enhancing local quality of life. Prioritizing safety, enjoyable experiences, community collaboration, conservation, and preserving natural beauty of the park. The team owns other businesses in Conroe including 1097 Watersports.

The grand reopening is scheduled for May 24, 2025 with media preview at 8am and public opening at 10am. For more information, please scan the QR code below or contact Lake Conroe Beach Park for media inquiries at 832-813-9172.

Fix a Leak Week

Fix a Leak Week this year was March 17th-23rd. Fix a Leak Week is put on by the EPA as a way to bring public awareness to the immense amount of water wasted due to household leaks. Household leaks can attribute to roughly 1 trillion gallons of water wasted annually in the US. To learn more about the importance of fixing leaks around the house and conserving water, visit [here](#).

Texas Water 2025 Awards - Utility Enterprise

This amazing team works hard day in and day out to provide top tier water services to our community. Way to go, team!

Texas Water Attendees Tour SJRA

This month, several attendees of the annual Texas Water Conference got the opportunity to tour SJRA's GRP and Lake Conroe Divisions. The attendees learned how SJRA works for the community's water and got to tour both the surface water treatment plant as well as the Lake Conroe Dam.

Follow Trusted Weather Sources

Springtime means increased chances of rain in our region. Make sure to be weather aware for those springtime showers by following trusted weather sources such as local weather stations and the National Weather Service.

[Water Conservation and Native Planting](#)

Water conservation is crucial in ensuring the long-term sustainability of our water resources. In the Houston area, where population growth and climate variability put increasing pressure on water supplies, using native plants can play a significant role in reducing water consumption while maintaining healthy

ecosystems.

The San Jacinto River Authority (SJRA) receives no money from the state, nor does it collect any type of taxes.

SJRA's mission is to develop, conserve, and protect the water resources of the San Jacinto River basin. Covering all or part of seven counties, the organization's jurisdiction includes the entire San Jacinto River watershed, excluding Harris County. The SJRA is one of two dozen river authorities in the State of Texas, and like other river authorities, its primary purpose is to implement long-term, regional projects related to water supply and wastewater treatment.

If you would like to know more about SJRA, what we do, and how we work for the community, check out our website www.sjra.net and follow us on social media
