

San Jacinto River Authority Latest News for May 2025

National Safe Boating Week

May 17th-23rd is National Safe Boating Week. When out boating on the lake, make sure to always wear a personal floatation device and have a whistle or horn on board in case of emergencies. For more helpful tips to help keep you and your loved ones safe on the lake, visit [here](#).

Grand Opening: Lake Conroe Beach Park

Lake Conroe Park has reopened under a new name-- Lake Conroe Beach Park. SJRA still owns the park. However, we have leased operations of the park to a private partner named Lake Conroe Beach Park. The new operators are a community-focused, family-oriented park management team dedicated to enhancing local quality of life. They focus on safety, enjoyable experiences, community collaboration, conservation, and preserving the natural beauty of the park. The owners of the business live around the lake and have other lakeside businesses such as 1097 Watersports.

The grand reopening took place on May 24, 2025! For more information, please refer to the contact information below.

2025 Texas Water Awards

In March, several SJRA employees attended the Texas Water Conference. Texas Water is an annual conference hosted by the Water Environment Association of Texas (WEAT) and Texas Section American Water Works Association (AWWA). The conference welcomes water and wastewater professionals from all over the state. SJRA brought home several different awards from the conference, highlighting our employees, infrastructure, and water quality.

SJRA Rates and Fees to Wholesale Providers:

SJRA does not have taxing authority, nor does it receive funds from the Texas Legislature. SJRA is funded solely through contracts with its wholesale customers to provide water supply and wastewater treatment. View information on rates and fees to our wholesale customers (**SJRA does not provide retail service to individual homes and business**) on our website. Click [HERE](#).

SJRA's mission is to develop, conserve, and protect the water resources of the San Jacinto River basin. Covering all or part of seven counties, the organization's jurisdiction includes the entire San Jacinto River watershed, excluding Harris County. The SJRA is one of two dozen river authorities in the State of Texas, and like other river authorities, its primary purpose is to implement long-term, regional projects related to water supply and wastewater treatment.
